

## Citrix Install Notes

Accept the defaults for all options except the section below – change the middle options for Citrix XenApp Plugin to “X – entire feature will be unavailable” and change the 3<sup>rd</sup> option for Program Neighborhood to “Entire feature will be installed on local hard drive”

Select the default options for the rest of the install – when done – goto the InfaMedics website <http://www.infamedics.com> – click on the InfaMedics Logon

### WELCOME TO INFAMEDICS

Infamedics is devoted to the care of premature infants and infants under the age of 12 months who require intensive care. Established in 1993, the practice has grown to include 8 neonatologists and 6 neonatal nurse practitioners.

Infamedics currently cares for over 1500 infants a year in the Center for Newborn and Infant Care at Woman's Hospital in Baton Rouge where both a neonatologist and neonatal nurse practitioner are in the hospital 24 hours a day to provide on site care.

We also provide neonatal services at Lane Regional Medical Center in Zachary.
